

SAKHISISIZWE

Workers financial skills

Us # 243189 Accredited Basic financial Literacy course

Are your workers constantly asking for advances and loans or showing the following signs ?

- Severe stress
- Decreased productivity
- Absenteeism
- Emotional outbursts, inter-personal conflict
- Unpaid expenses
- No future planning or saving
- Lack of concentration
- Poor decision making
- Low morale and poor motivation
- Reckless spending.
- Too many accounts
- Debt collectors calling or Garnishee orders

The aim of the course is to provide financial life skills to lower income earners so as to increase their ability to achieve financial security.

- We explain why it is important to manage and save money
- Employees will learn how to set financial goals for themselves and their families
- Employees will be able to draw up a budget and manage their budget
- Learn how to read and understand their payslip
- Employees are shown how to get out of the debt trap.
- And so much more!
