SKILLS DEVELOPMENT FACILITATOR COURSES

Accredited 4 Day course

Accreditation and Training Services' Skills Development Facilitator course will equip learners with the required knowledge and skills to identify training needs, draw up Work Place Skills Plans and Annual Training Reports and implement Quality Management Systems in an organisation. The SDF training course will give you a good comprehension of the National Qualifications Framework (NQF) and will help you to develop your skills and will be a good start in acquiring a variety of qualifications within the fields of Education Training and Development Practices and Human Resource Development.

It is the duty of the Skills Development Facilitator to analyse the needs of the organisation and develop and draw up a suitable skills development plan. It is the Skills Development Facilitator's responsibility to ensure that the skills development plan is followed and properly administrated. They should also implement a quality management system (QMS) for skills development practices in an organisation. The responsibility of a Skills Development Facilitator is great and thus they need to meet a high standard of criteria.
